GOECON 12
Silent within. Preventable beyond.

About GOA

Every place has a heartbeat.
Goa's heartbeat is found not only in its waves, but in its people, its history, and its enduring spirit of connection.

For centuries, this coastline has welcomed voyagers seeking new worlds. Today, it welcomes a new generation of healers seeking new ideas.

Goa has always been a meeting point-of oceans and rivers, of cultures and traditions, of stories carried across distant shores. Every sunset here is a reminder that the most remarkable things are born when different paths converge.

Welcome to Goa - Where every tide echoes possibility, and every gathering leaves a legacy.

GOECON 12

Silent within. Preventable beyond.

About GMC

Established in 1842, Goa Medical College (GMC) is one of Asia's oldest medical institutions and a cornerstone of healthcare, medical education, and research in Goa. Located in Bambolim, GMC serves as the state's premier teaching hospital and a leading centre for patient care.

The institution offers MBBS, MD, MS, DM, MCh, and allied health science programs, training generations of healthcare professionals across a wide range of specialties and super-specialties. With a modern super-specialty block and advanced tertiary care facilities, GMC caters to lakhs of patients every year.

For nearly two centuries, GMC has remained a place where knowledge meets service, innovation meets compassion, and the future of medicine takes shape.

About GOMECON

GOMECON is the annual flagship medical conference organized by the Goa Medical College Students' Association, bringing together healthcare professionals and medical students from across the nation.

Now in its 12th edition, GOMECON continues its legacy of fostering academic excellence, innovation, and collaboration among undergraduate and postgraduate medical students.

Held at the Goa Medical College campus over three dynamic days, the conference will engage delegates through thought-provoking scientific sessions, hands-on workshops, competitions, and interactive events designed to bridge knowledge with practice. Beyond academics, GOMECON serves as a platform for networking, leadership, and the exchange of ideas among the next generation of healthcare professionals.

Message from the Organising Committee

Some diseases speak loudly. Others remain unheard until their impact is impossible to ignore.
With this year's theme, "Non-Communicable Diseases: Silent Within. Preventable Beyond.", GOMECON 12 shines a spotlight on one of the greatest healthcare challenges of our time. As future healthcare professionals, we stand at a pivotal moment where medicine is not only about treating disease, but also about preventing it and promoting healthier lives.

Non-communicable diseases continue to place an increasing burden on individuals, families, and healthcare systems worldwide. Addressing this challenge requires more than clinical expertise—it demands awareness, innovation, interdisciplinary collaboration, and a commitment to preventive healthcare. Through meaningful dialogue, scientific inquiry, and the exchange of diverse perspectives, we have the opportunity to contribute towards solutions that can create lasting impact in our communities.

Over these three days, we invite you to challenge perspectives, exchange ideas, and explore innovations that will shape the future of healthcare.
Welcome to GOMECON 12. May every discussion inspire action, every interaction spark collaboration, and every experience reinforce our shared commitment to a healthier tomorrow.

Best Regards,
The Organising Committee
GOMECON 12

UG CASE PRESENTATION

A platform for undergraduate medical students to showcase their clinical understanding through structured case presentation, interactive discussions, and expert led academic exchange

GENERAL INSTRUCTIONS

- A team may consist of maximum 2 members. Individual participants are welcome.
- Cross-college teams are NOT allowed.
- Clinical cases from Medicine and Allied, Surgery and Allied, Paediatrics and Obstetrics & Gynaecology ONLY are allowed.
- Last date of abstract submission is 15/11/2026
- Eligibility criteria: UG MBBS students and Interns.
- Basic Registration is compulsory only after abstracts are selected for Round 2.
- After screening all the abstracts from Round 1, entries will be chosen for Round 2.
- Results will be notified via email.
- Top 2 presentations of Round 2 will be recognised with prizes.
- Certificates of participation will be awarded to all participants who qualify for Round 2

Date: 27/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

Registration Fee: Rs 200/-

UG CASE

ROUND 1:

ABSTRACT SUBMISSION (ONLINE) : 3 PDFs are to be submitted

PDF-1

Consisting Personal details:
Title
Name
Institution Name, Course, Year
Contact no.
Email id

PDF-2

Consisting the following headings:
History
Examination findings
Investigations
Final diagnosis
Management

PDF-3

Letter attested by HOD of concerned Department certifying the authenticity of the case.

Word limit: 1000 words
Formatting specifications:

- Font style: Times New Roman
- Size: 12
- Line spacing: 1.5
- Alignment: justified

Email submissions to
gomeconcasepresentation@gmail.com
Subject of mail must be:
Case- (your name)

ROUND 2:

POWERPOINT PRESENTATION (OFFLINE)

(Use of ONLY Microsoft PowerPoint Presentation is permitted)
Duration limit = 10 minutes (8 minutes presentation + 2 minutes questions from judges)

PRIZES

1st Place: ₹8000/-
2nd Place: ₹4000/-

COORDINATORS

PG PAPER PRESENTATION

Scientific Progress begins with those who question accepted ideas, explore unanswered problems, and transform observations into evidence. This platform is designed for postgraduate researchers who think critically and investigate with scientific rigour. It is an opportunity to present research that is not only methodologically robust but also clinically relevant, with the potential to advance patient care, strengthen public health, and inform evidence-based healthcare policy.

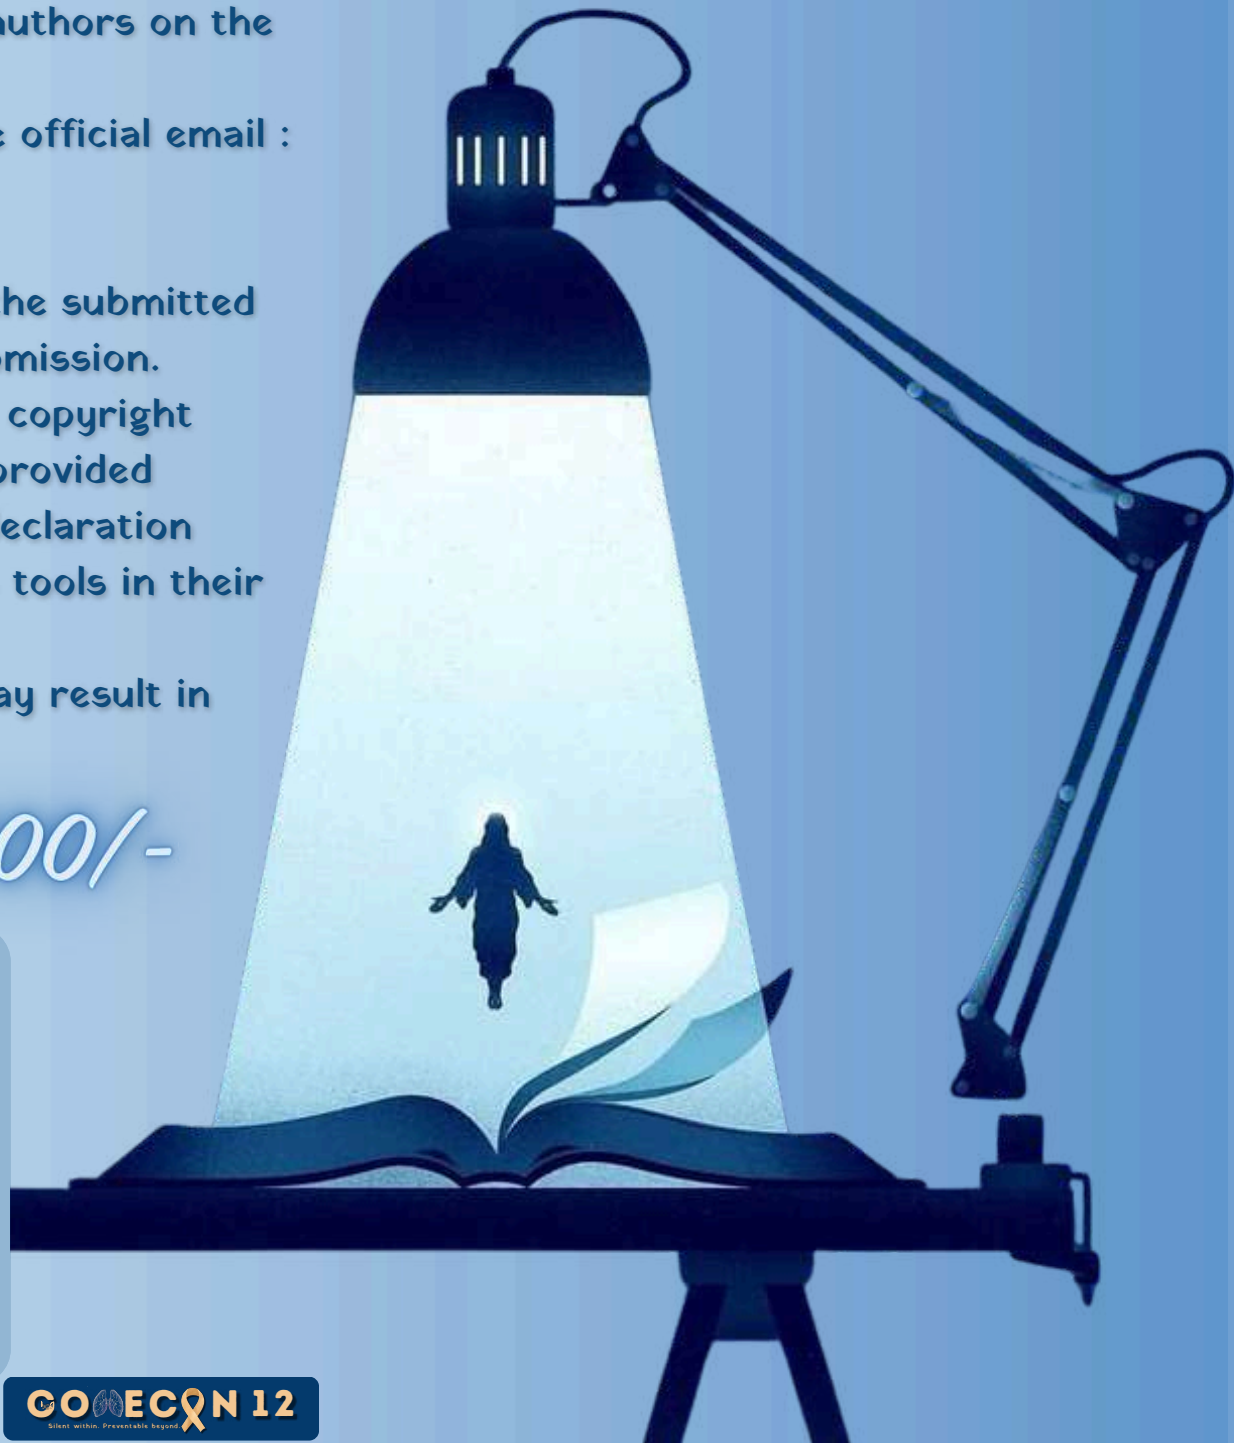

GENERAL INSTRUCTIONS

- Open to postgraduate medical students enrolled in NMC/MCI-recognised medical colleges in India
- The submitted research must constitute original work.
- The presenting author must be a registered delegate of Gomecon 2026.
- The presenter must be one of the listed authors on the submitted abstract.
- Abstracts must be submitted through the official email : Pgpapergomecon2026@gmail.com
- Last date of submission: 15/11/2026.
- Any prior presentation or publication of the submitted data must be disclosed at the time of submission.
- If presenting a published article, proof of copyright retention or journal permission must be provided
- Participants are requested to provide a declaration regarding the use of artificial intelligence tools in their research work.
- Non-compliance with any of the above may result in disqualification.

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

Registration Fee: Rs 400/-

Mandatory No Objection Certificate:
A signed No Objection Certificate on official institutional letterhead certifying the originality of the work and the authenticity of authorship must be submitted along with the abstract. The certificate may be signed and stamped by the HOD/Faculty Mentor of the project. The No Objection Certificate is not compulsory for submission at the initial stage, however if the paper gets selected for presentation, then the approval from faculty/Dean is necessary in order to be eligible to present it.

GOMECON 12
Silent within. Preventable beyond.

PG PAPER

ABSTRACT SUBMISSION GUIDELINES

- Abstracts must be submitted as a PDF, titled: GOMECON_Research_Title
- Accepted study designs include cross-sectional, case-control, cohort, Interventional, clinical trials, systematic reviews, meta-analysis, animal models and other original research methodologies.
- Only narrative reviews and research protocols will not be accepted.
- Abstract structure: Title- Background-Methods-Results-Conclusion
- References and in-text citations are not permitted within the abstract.
- A maximum of 1 table OR 2 original figures may be included in the abstract file.
- Word limit: 500 words (excluding title and section headings).
- File size must not exceed 1 MB
- Formatting: Times New Roman, Size 12, Line spacing 1.5.
- The abstract must not contain any personal or institutional identifiers
- Plagiarism or any form of scientific misconduct will result in immediate disqualification.

SELECTION PROCESS

- All submitted abstracts will undergo blind peer review by the Scientific committee.
- The top 10 abstracts will be selected for Oral Presentation.
- The outcome of this screening will be notified to the individuals by 20/11/2026. Please check your email regularly and mark Pgpapergomecon2026@gmail.com as not spam so as to prevent any unnecessary delays.
- Post selection participants will be informed about the guidelines for preparing their powerpoint presentations for the final round.
- For queries regarding withdrawal of a submitted abstract, participants may contact the organising committee
- The decision of the Scientific Committee shall be final and binding

PRESENTATION GUIDELINES (OFFLINE)

- Total allotted time: 12 minutes.
- Presentation: 8 minutes.
- Question & Answer Session: 4 minutes
- Participants are required to strictly adhere to the allotted time

PRIZES

1st Place: ₹5000/-

2nd Place: ₹3000/-

COORDINATORS :

PG POSTER PRESENTATION

Where clinical insights meet research and innovation.
Present your research, clinical experiences, and case studies at our PG Poster Presentation, an opportunity to showcase your academic work, exchange ideas, and engage with fellow clinicians and experts. Whether your work explores clinical practice, innovative approaches, or medical research, we invite you to share your findings and contribute to the advancement of medical knowledge.
Present your work. Share your ideas. Inspire the future of medicine.

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Faculty Block

RULES

- Eligibility- Postgraduate MD/MS students
- Individual participation
- Original Research/Case ONLY.
- The competition shall be held in two rounds: Online abstract screening (Round 1) and offline presentation (Round 2).
- Abstracts are to be submitted at gomecon12abstracts@gmail.com on or before 15/11/2026.
- Results of screening round shall be communicated via email.
- Basic Registration is compulsory to participate in Round 2.
- Top 2 participants of offline round shall win attractive cash prizes.
- Certificates of participation shall be awarded to all participants of offline round.

Registration Fee: Rs 400/-

GOMECON 12

ROUND 1:

ABSTRACT SUBMISSION (ONLINE SCREENING ROUND)

PG POSTER

PDF 1:

a) Authors details:
- Name
- College
- Year of study
- Contact number
- Email ID

b) Fee Payment Receipt

c) Attestation form signed by concerned HOD/guide highlighting that the poster content is original, ethical and not plagiarized.

Rename PDF-1 as:
Poster-Name of the topic-Your name.pdf
Eg: Poster-Cardiac Amyloidosis-Alonsa Dsouza.pdf

Title and subject of mail should be in the format:
PG Poster-Your name-Your Contact number
For example,
PG Poster- Alonsa Dsouza-9832078369

PDF 2:

For RESEARCH
- Title of study
- Introduction
- Aims and Objectives
- Methodology
- Results
- Discussions
- Conclusion
- References in Vancouver style

For CASE:
- Title
- Background
- Presentation
- Differentials
- Investigations
- Diagnosis
- Discussions

Word limit: 1000 words
Formatting specifications:
- Font style: Times New Roman
- Size: 12
- Line spacing: 1.5
- Alignment: justified

Make sure to not reveal author identification details in PDF 2. Failure to do so, shall lead to disqualification of abstract.
Rename PDF-2 as:
Poster-Name of the topic-Initials of Your name.pdf
Eg: Poster-Cardiac Amyloidosis-AD.pdf

ROUND 2:

ORAL PRESENTATION (OFFLINE)

Candidates selected after screening round, shall present their study/case at the venue.
Time limit: 5 minutes to present
followed by 2 minutes of question and answer session.
Total duration: 7 minutes.

PRIZES

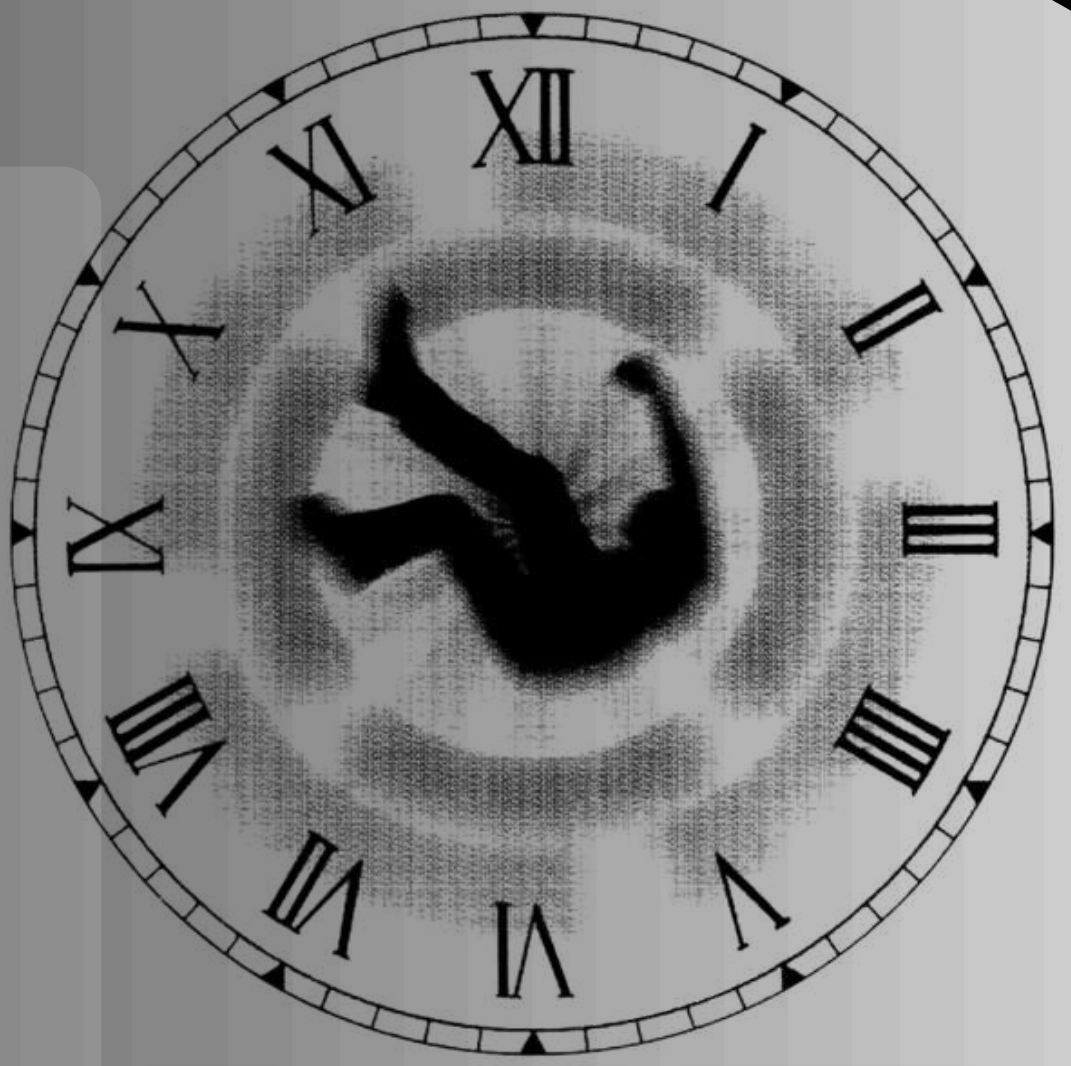

1st Place: ₹5000/-
2nd Place: ₹3000/-

MEDMANTHAN

Medical Quiz

Calling all curious minds and future clinicians! Step beyond the textbooks and put your medical knowledge, clinical reasoning and quick thinking to the test at the GOMECON Medical Quiz 2026. With this year's theme focusing on Non-Communicable Diseases, get ready to challenge yourself, compete with your peers and discover how far your medical acumen can take you. MBBS students and interns—assemble your team and get ready to quiz!

● ELIGIBILITY

Any UG MBBS Student including Interns(Batch 2021 to Batch 2026)

● PARTICIPATION

Participants may register either individually(Lone Wolf) or in teams of two. Intercollegiate teams are not allowed.

● SCHEDULE

The Medical Quiz shall be held in 3 stages-

1. Online Preliminary Round :Will be conducted on 24/10/2026
2. Offline Preliminary Round : Will be conducted on 28/11/2026
3. Final Round(Offline) : Will be conducted on 28/11/2026

Price: Rs 250/-

per team / lone wolf

Date: 28/11/2026
Time: 9:00 am onwards
Venue: Lecture Hall

MEDICAL QUIZ

● SYLLABUS FOR MEDICAL QUIZ

All 19 subjects of MBBS

● FORMAT

Multiple Choice Questions(MCQs) only, in both the Preliminary Rounds.

Final Round will have mixed bag of questions!

Participants may register for Online and/or Offline Preliminary Rounds.

● QUALIFICATION

- Top three teams will be selected from Online Preliminary Round to get a direct entry to the Final Round(Offline) and these three teams get FREE BASIC DELEGATE REGISTRATION ALLOWANCE for the GOMECON 12th Edition.
- Top three teams will also be selected from the Offline Preliminary Round of the quiz to compete with the three teams selected from Online Preliminary into the Final Round.

(A total of six teams will compete in the Final Round)

NOTE : Basic Delegate Registration(non-refundable) is compulsory to be eligible for Offline Preliminary Round.
Top two teams of the Final Round will be rewarded.

PRIZES

1st Place: ₹7000/-
2nd Place: ₹3000/-

Price: Rs 250/-

per team / lone wolf

Date: 28/11/2026

SYNORA

Medical Hackathon

Where innovative ideas meet real-world challenges — bringing together young minds to create, collaborate, and build solutions that make a difference

RULES

- ELIGIBILITY CRITERIA : The competition is open to undergraduate MBBS students, including interns.
- Participants may register either Individually or in a team of up to 4 members.
- Basic registration is compulsory for participation in Round 2
- Competition shall be conducted in two rounds
  Round 1 : Online Abstract Screening
  Round 2 : Offline Presentation
- The PDF must be submitted to: gomeconhackathon26@gmail.com
- Deadline for submission: 15/11/2026
- The top two teams/participants will be awarded attractive cash prizes. Certificates of participation will be awarded to all participants who qualify for and participate in the offline round.

PROBLEM STATEMENT

1. Innovative app for identifying links between emotional states and eating patterns to help prevent stress-related overeating.
2. Screening for sleep apnea at home without expensive sleep studies.
3. AI-based HTN risk prediction using lifestyle factors.
4. Develop an accessible homebased screening tool for early identification of dementia risk.
5. Screening of sarcopenia among 65 yrs and above people

Price: Rs 250/-

HACKATHON

ROUND 1:

ABSTRACT SUBMISSION (ONLINE)

- Participants must submit only ONE PDF containing their answers to the given problem statement.
- Only one team member should submit the PDF on behalf of the entire team.
- Along with the PDF submission, participants must provide the following details for all team members in a text message:
  Full Name
  College/Institution
  Contact Number
  Year of Study
  Email ID
- The fee payment receipt must also be attached to the same email along with the participant details and PDF.
- Make sure to not add any personal identification details in pdf to avoid bias

PDF Formatting guidelines:

- Font style: Times New Roman
- Size: 12
- Line spacing: 1.5
- File format : PDF

The submitted PDF must be named in the following format:
MedHackathon_[Problem Statement]_[Initials of Submitting Member].pdf
Example:
MedHackathon_P1_AM.pdf
where AM represents the initials of the team member submitting the PDF.

Date: 28/11/2026
Time: 9:00am-12:00pm
Venue: Lecture Hall

ROUND 2:

ORAL PRESENTATION (OFFLINE)

Total duration: 10 minutes
Presentation: 6 minutes
Questions from judges: 4 minutes

PRIZES

1st Place: ₹5000/-
2nd Place: ₹3000/-

The decision of the judging panel regarding selection and results shall be considered final.

MODEL UNITED NATIONS

Model United Nations (MUN) is an academic simulation of the United Nations in which participants assume the roles of delegates representing different member states and engage in structured diplomatic debate, negotiation, and decision-making on international issues, following established United Nations procedures and protocols.

Price: Rs 250/-

Date: 29/11/2026
Time: 9:00am-12:00pm
Venue: Lecture Hall

RULES

- Each participant will represent an assigned country.
- Participants must represent the official policies and interests of their assigned country, rather than their personal opinions.
- Participants should research their country's position on the given agenda before the event.
- Participants must maintain professional and respectful conduct throughout the conference.
- Delegates should address one another formally, e.g. "The Honourable Delegate of India" or "The Delegation of India."
- Participants should wear formal/professional attire appropriate for a diplomatic conference.
- Delegates must follow the specified speaking time.
- Participants should remain relevant to the agenda while speaking.
- Delegates should not interrupt another speaker unless permitted.
- Delegates should support their arguments with research, evidence, and their country's policies.
- Delegates are encouraged to negotiate, cooperate, and seek consensus with other countries.

- Moderated caucuses: Delegates speak in an organized manner after being recognized by the
- Unmoderated caucuses: Delegates may move around the room and negotiate with other

- Delegates may collaborate to develop working papers and draft resolutions.
- Delegates must follow the voting procedure established by the committee.

TOPIC

Strengthening Global Preparedness for Disaster Management.

COECON 12

MODEL UN

STRUCTURE OF EVENT

- Welcome and Introduction
- Roll Call : Delegates must signal their presence to the Chair.
- Setting the agenda : The commitee announces the topics to be discussed in todays session.
- Opening speeches : Each delegate gets a short speech. The delegate explains:
  * Their country's position
  * The problem
  * Their country's priorities
  * Broad solutions
- Moderated Caucus : A rapid-fire structured debate.
- Unmoderated Caucus: Delegates may
  * Form blocs
  * Negotiate
  * Find allies
  * Combine ideas
  * Draft resolutions
  * Lobby other countries
- Working Paper : Different groups may submit different working papers.
- Draft Resolution: delegates combine their ideas into a formal document. The Chair reviews the resolution
- Amendments
- Voting

ALL IN

General Quiz

Park the differentials for a morning. All In is a general quiz for people who can't help knowing things: last night's scoreline, the director of a film nobody else watched, the story behind the headline everyone's forwarding. History to pop culture, sport to science, art to whatever's trending this week, nothing is off the table. Bring a partner or back yourself solo, trust your gut, and when the question lands, go all in.

ROUND 1: OFFLINE PRELIMINARY ROUND

Teams of two / lone wolf

(Solo participants can be paired into teams on the spot)

Written round.

ROUND 2: FINAL ROUND

Top five teams will move to the finals on stage!

ELIGIBILITY

Participants must be registered as delegates for GOMECON 12.

Both UG and PG medical students are allowed to participate.

PRIZES

1st Place: ₹3000/-

2nd Place: ₹1500/-

Loads of audience. Prizes to be won!

Price: Rs 200/-

Date: 29/11/2026
Time: 9:00am - 12:00pm
Venue: Lecture Hall

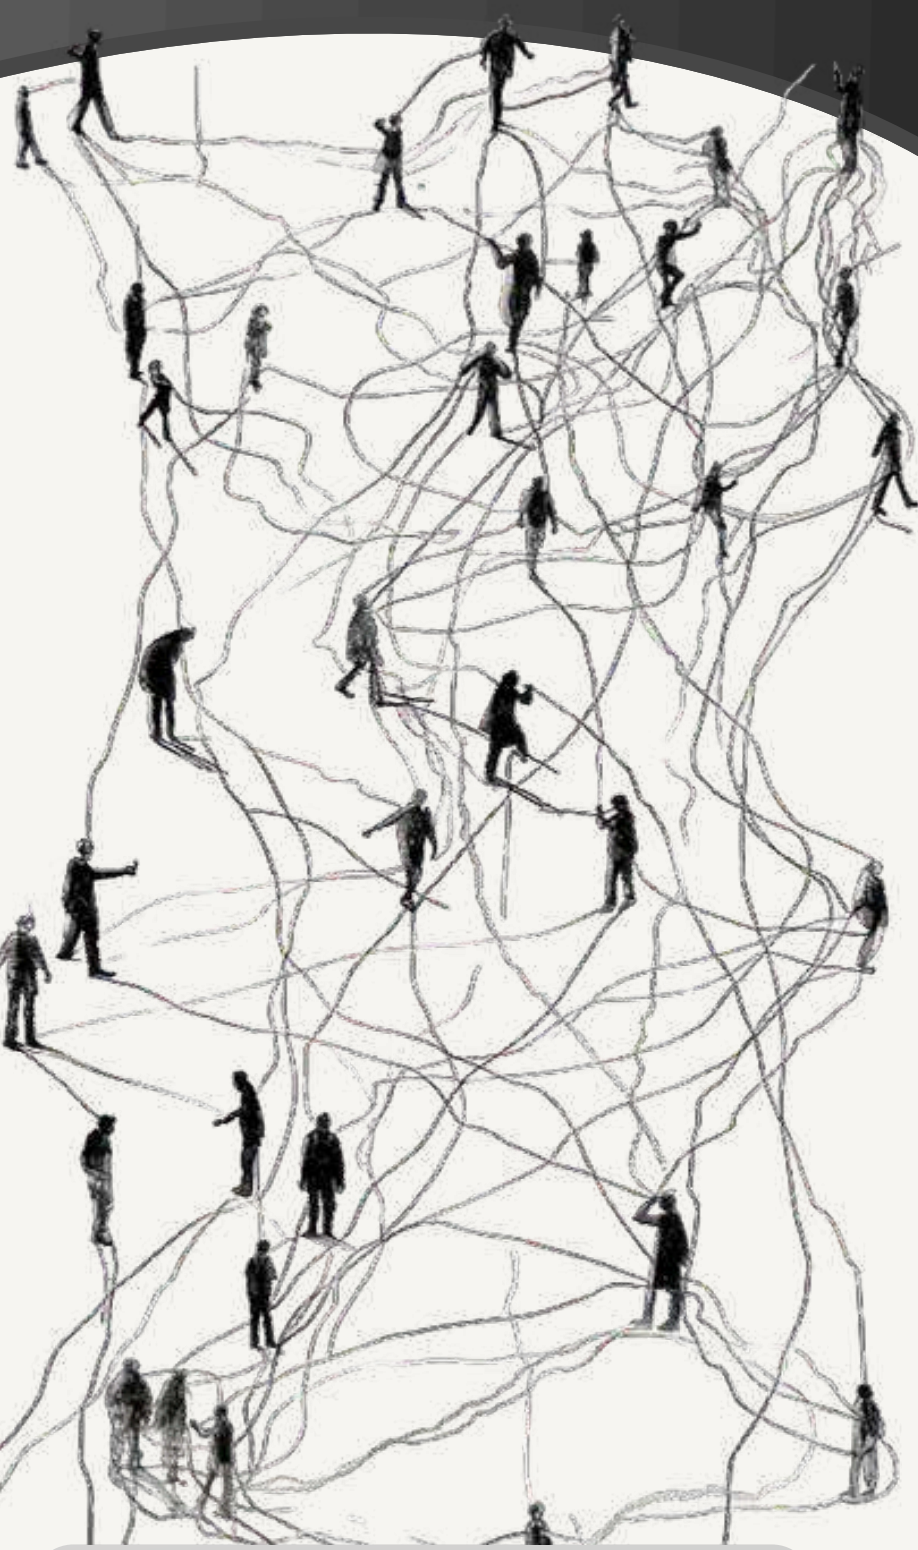

COORDINATORS

Walusha Fernandes (77200 54448)

Pradyumna Madelkar (96236 30006)

THE GREY MATTER

The Grey Matter is a two-round medical challenge designed to test what lies beyond textbook knowledge—your ability to understand complex concepts, communicate them clearly, and make decisions when there is no obvious answer. From simplifying medicine to navigating difficult clinical dilemmas, participants will be challenged on knowledge, creativity, reasoning and judgment.

RULES

ROUND 1: THE SIMPLIFY CHALLENGE

- Complex concepts. Simple explanations.
- Participants will be given 2–3 medical concepts and must break them down into clear, simple and engaging explanations for a non-medical audience.

TESTS

- Conceptual understanding
- Clarity & simplicity
- Communication
- Creativity

ROUND 2 : THE GREY ZONE

- When there is no easy answer.
- Participants will face 2–3 clinical dilemmas where medicine meets ethics, law, empathy and professional responsibility. They must analyse the situation, take a stand and justify their decision.

TESTS

- Clinical reasoning
- Ethical & legal reasoning
- Decision-making
- Justification & confidence

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

PRIZES

1st Place: ₹4000/-
2nd Place: ₹2000/-

Price: Rs 200/-

COORDINATORS
Geetika De Sa (9422152948)
Arya Naik (8767281613)

The decision of the organising committee will be final.

MILIEU INTÉRIEUR ENIGMA

Escape Room

You have been miniaturized and injected directly into a patient on the brink of system failure! Navigate the brain, restart the heart, and clear the lungs. Can you complete the medical mission and escape the body before the timer runs out and you return to normal size?

RULES

- Each team must consist of 3 participants.
- OBJECTIVE : Teams must solve the puzzles, uncover the clues and complete the final challenge before the allotted time expires.
- Cross-college teams are permitted.
- Each team will be allotted a specific time slot after registration.
- Teams must report at the venue 15 minutes before their allotted slot for briefing and instructions.
- Use of mobile phones, smartwatches or any external source of assistance is strictly prohibited during the game.

Date: 27/11/2026
Time: 9:00 am onwards
Venue: Library Auditorium

Price: Free

COORDINATORS :
Deep Sawant (9356056801)

THE MISSING DIAGNOSIS

Treasure Hunt

Think you have what it takes to crack the ultimate case? Step out of the words and into a race against time, where every clue holds a piece of the mystery, every challenge is a test and the final treasure is your diagnosis. Put your clinical instincts, teamwork, quick thinking and problem solving skills to test as you navigate through the campus, decode cryptic clues, uncover hidden secrets and hunt for the ultimate treasure — because one wrong diagnosis could leave you completely lost!

Whether you're a master of differentials or someone who still says "I'll read it before the exam" — this is your chance to put your detective skills to the test and prove that you can solve a case outside the textbooks.

ELIGIBILITY

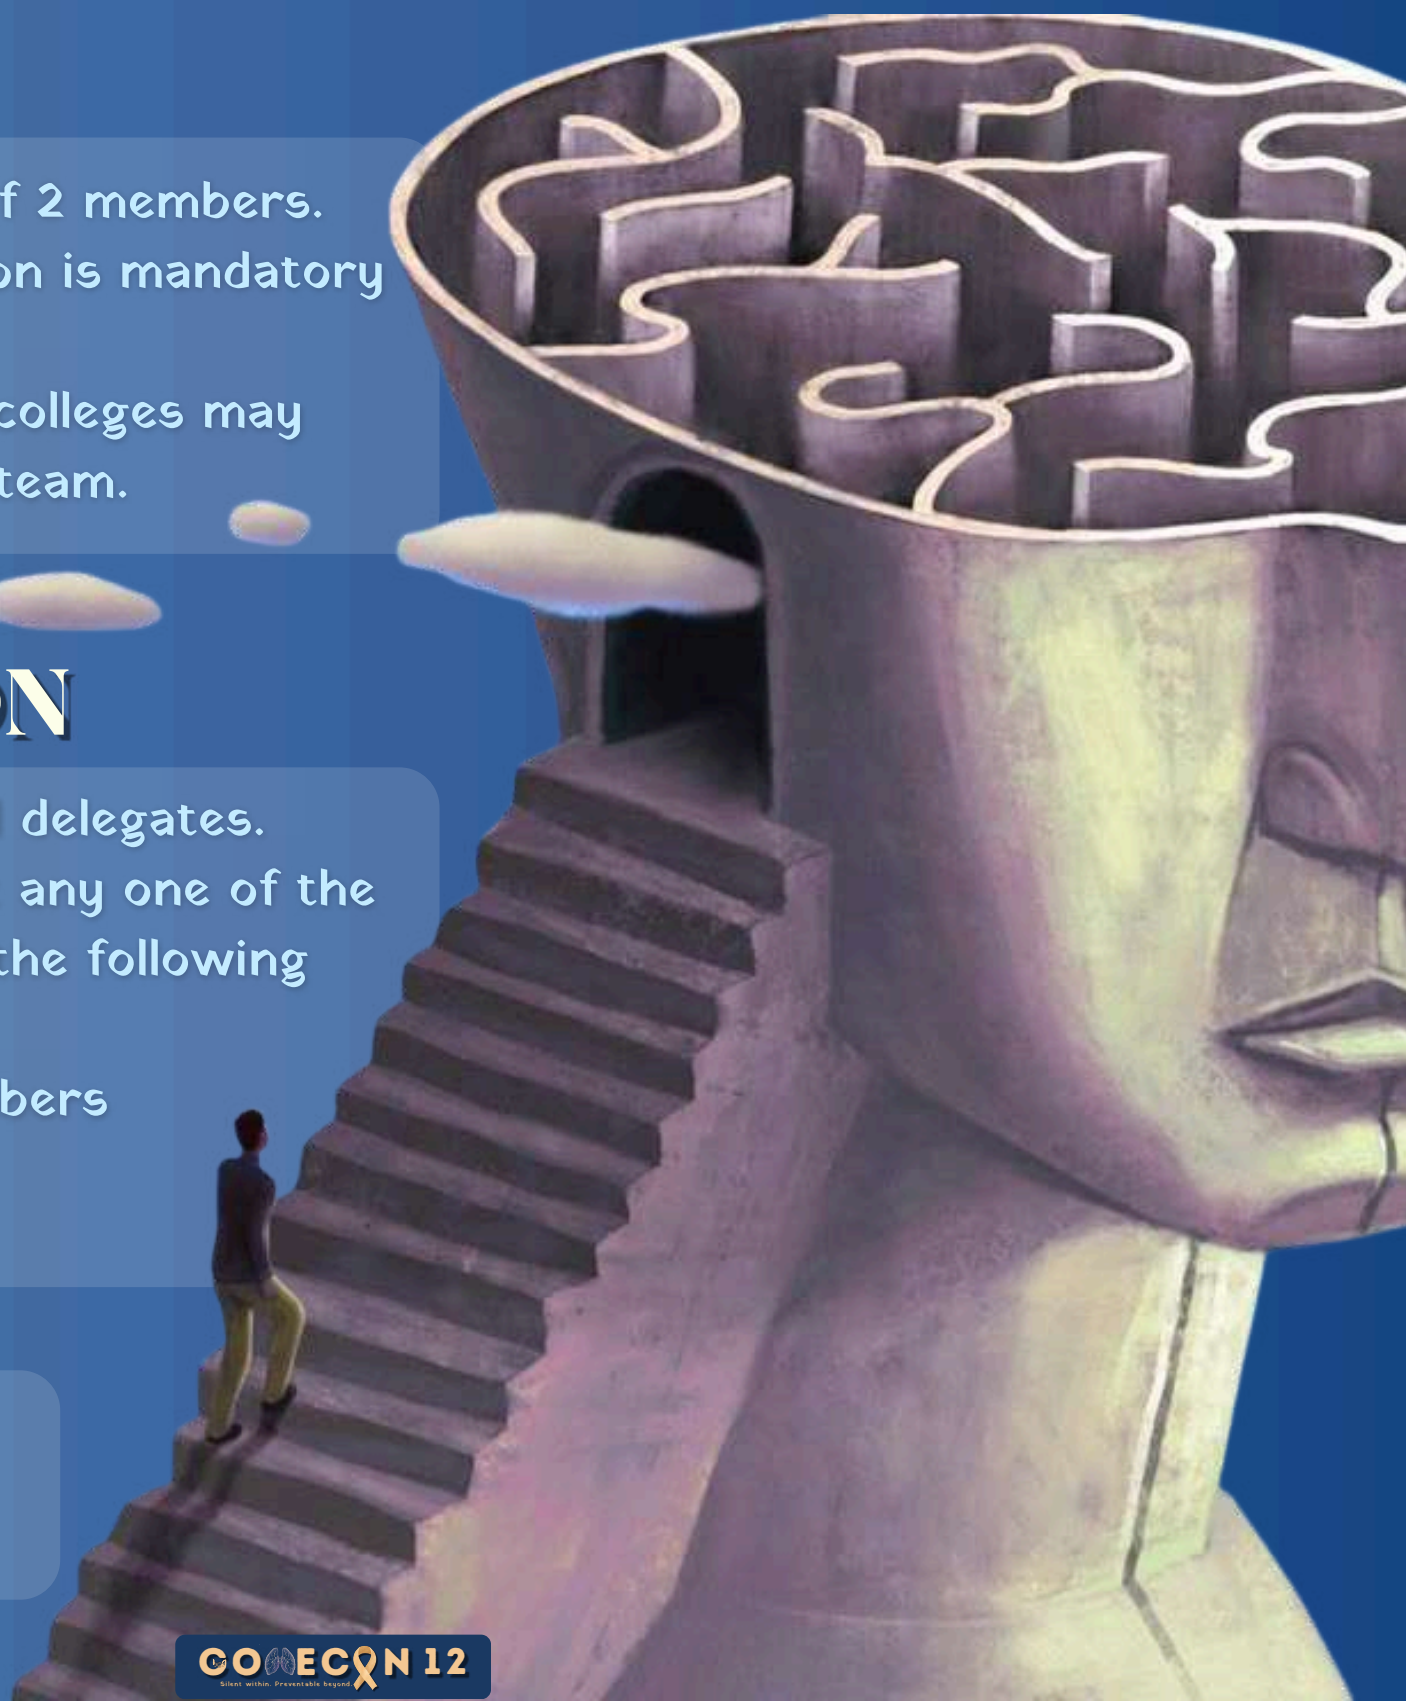

- Each team must consist of 2 members.
- Basic Delegate Registration is mandatory for participation.
- Delegates from different colleges may participate together as a team.

REGISTRATION

- Registration is free for all delegates.
- Participants must contact any one of the Event Heads and provide the following details:

1. Names of both team members
2. Batch
3. College name

Date: 28/11/2026
Time: After 5:00pm
Venue: Entire Campus

GOECON 12

GOECON 12
Silent within. Preventable beyond.

About GOA

Every place has a heartbeat.
Goa's heartbeat is found not only in its waves, but in its people, its history, and its enduring spirit of connection.

For centuries, this coastline has welcomed voyagers seeking new worlds. Today, it welcomes a new generation of healers seeking new ideas.

Goa has always been a meeting point-of oceans and rivers, of cultures and traditions, of stories carried across distant shores. Every sunset here is a reminder that the most remarkable things are born when different paths converge.

Welcome to Goa - Where every tide echoes possibility, and every gathering leaves a legacy.

GOECON 12

Silent within. Preventable beyond.

About GMC

Established in 1842, Goa Medical College (GMC) is one of Asia's oldest medical institutions and a cornerstone of healthcare, medical education, and research in Goa. Located in Bambolim, GMC serves as the state's premier teaching hospital and a leading centre for patient care.

The institution offers MBBS, MD, MS, DM, MCh, and allied health science programs, training generations of healthcare professionals across a wide range of specialties and super-specialties. With a modern super-specialty block and advanced tertiary care facilities, GMC caters to lakhs of patients every year.

For nearly two centuries, GMC has remained a place where knowledge meets service, innovation meets compassion, and the future of medicine takes shape.

About GOMECON

GOMECON is the annual flagship medical conference organized by the Goa Medical College Students' Association, bringing together healthcare professionals and medical students from across the nation.

Now in its 12th edition, GOMECON continues its legacy of fostering academic excellence, innovation, and collaboration among undergraduate and postgraduate medical students.

Held at the Goa Medical College campus over three dynamic days, the conference will engage delegates through thought-provoking scientific sessions, hands-on workshops, competitions, and interactive events designed to bridge knowledge with practice. Beyond academics, GOMECON serves as a platform for networking, leadership, and the exchange of ideas among the next generation of healthcare professionals.

Message from the Organising Committee

Some diseases speak loudly. Others remain unheard until their impact is impossible to ignore.
With this year's theme, "Non-Communicable Diseases: Silent Within. Preventable Beyond.", GOMECON 12 shines a spotlight on one of the greatest healthcare challenges of our time. As future healthcare professionals, we stand at a pivotal moment where medicine is not only about treating disease, but also about preventing it and promoting healthier lives.

Non-communicable diseases continue to place an increasing burden on individuals, families, and healthcare systems worldwide. Addressing this challenge requires more than clinical expertise—it demands awareness, innovation, interdisciplinary collaboration, and a commitment to preventive healthcare. Through meaningful dialogue, scientific inquiry, and the exchange of diverse perspectives, we have the opportunity to contribute towards solutions that can create lasting impact in our communities.

Over these three days, we invite you to challenge perspectives, exchange ideas, and explore innovations that will shape the future of healthcare.
Welcome to GOMECON 12. May every discussion inspire action, every interaction spark collaboration, and every experience reinforce our shared commitment to a healthier tomorrow.

Best Regards,
The Organising Committee
GOMECON 12

BIRTH AND BEYOND

Mastering skills.Saving lives.

Birth is more than a moment , it is a journey of skill and responsibility.
When labour takes an unexpected turn, every second matters and every decision counts.
From controlling haemorrhage to managing obstructed labour, the right hands can make all the difference.
Because your responsibility doesn't end with birth, it goes beyond.

Price: Rs 800/-

Date: 27/11/2026 Time: 8:00am - 11:00am Venue: High Fidelity Skill cum Simulation lab	SLOT 1
Date: 28/11/2026 Time: 9:00am - 12:00pm Venue: High Fidelity Skill cum Simulation lab	SLOT 2

In this hands-on workshop, you will work on a high-fidelity mannequin and learn:

- Simulation based management of Eclampsia
- Active management of postpartum haemorrhage (PPH).
- Instrument-assisted vaginal delivery (Forceps & Vacuum).
- Management of obstructed labour and shoulder dystocia.

Limited Slots !! - 25

SECONDS TO LIFE

Your guide to mastering the first response

When a heartbeat stops, the world doesn't stop with it.
There are only seconds to recognize,
respond and resuscitate.
No hesitation. No second chances.
Just knowledge, skill and hands ready to act.

SLOT 1
Date: 27/11/2026
Time: 3:00pm - 6:00pm
Venue: Skills Lab

SLOT 2
Date: 28/11/2026
Time: 9:00am - 12:00pm
Venue: Skills Lab

In this workshop you will learn:

- Mastering the administration of CPR in various scenarios.
- Skills and resources needed for providing basic life support

Price: Rs 800/-

BEAT OF RESILIENCE

When every beat tells a story of survival.

Before shock reveals itself, the body begins to speak. A racing heart. A changing breath.
Cool hands. Fading perfusion.
In the smallest of patients, these quiet signs carry meaning.
Each pulse, each breath, each change is a glimpse into a body fighting to hold on.
The skill is to recognise the struggle early-to assess, to understand, to act.
Because sometimes, resilience is found in a beat that refuses to give up.

Date: 27/11/2026
Time: 3:00pm - 6:00pm
Venue: High Fidelity Skill cum Simulation lab

Limited Slots !! - 25

For the first time in GMC's history, Paediatrics takes you beyond the conventional classroom experience.
Experience the challenge of managing a critically ill child as you navigate the recognition and management of paediatric shock in real time.
With a high-fidelity mannequin, put your clinical reasoning and decision-making to the test as the scenario unfolds before you.
Assess. Decide. Act.

In this workshop you will learn:

1. Practice recognizing compensated versus decompensated shock on a responsive, high-fidelity pediatric mannequin.
2. Master rapid assessment of critically ill children through Appearance, Breathing and Circulation.
3. Gain hands-on practice with intraosseous (IO) access, fluid bolus calculations, and pediatric drug dosing.
4. Build the confidence, speed, and structured communication skills needed for final exams and ward rotations.

THREADING THE FINE LINE

One thread. One needle. Endless precision.

Where every stitch matters, every knot counts, and precision makes all the difference.
Are you fascinated by the delicate art of wound closure?
Curious about how a needle and thread can bring edges together with nothing but precision and a steady hand?
Or perhaps you see yourself mastering the art of suturing one stitch at a time?
Then step up, future surgeon, and thread your way into our hands-on suturing workshop!
Learn the art of suturing, knotting, and wound closure through demonstrations and hands-on practice — because in surgery, the finest lines are drawn with a needle.

In this workshop, you will learn:

- Demonstration and hands-on experience of different suturing technique.
- Knotting
- Basic bandaging skills essentials in an emergency.

SLOT 1

Date: 27/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

UN-BEATABLE

Mastering electrocardiography

What may seem like mere lines and peaks is the rhythm of a life, captured in a moment.
It begins with electrodes, but unfolds into a language of waves, intervals, and rhythms.
The skill is not just seeing the tracing, but knowing what to notice and connect.
When you learn to read the lines, you learn to listen to the heart.

What You'll Learn

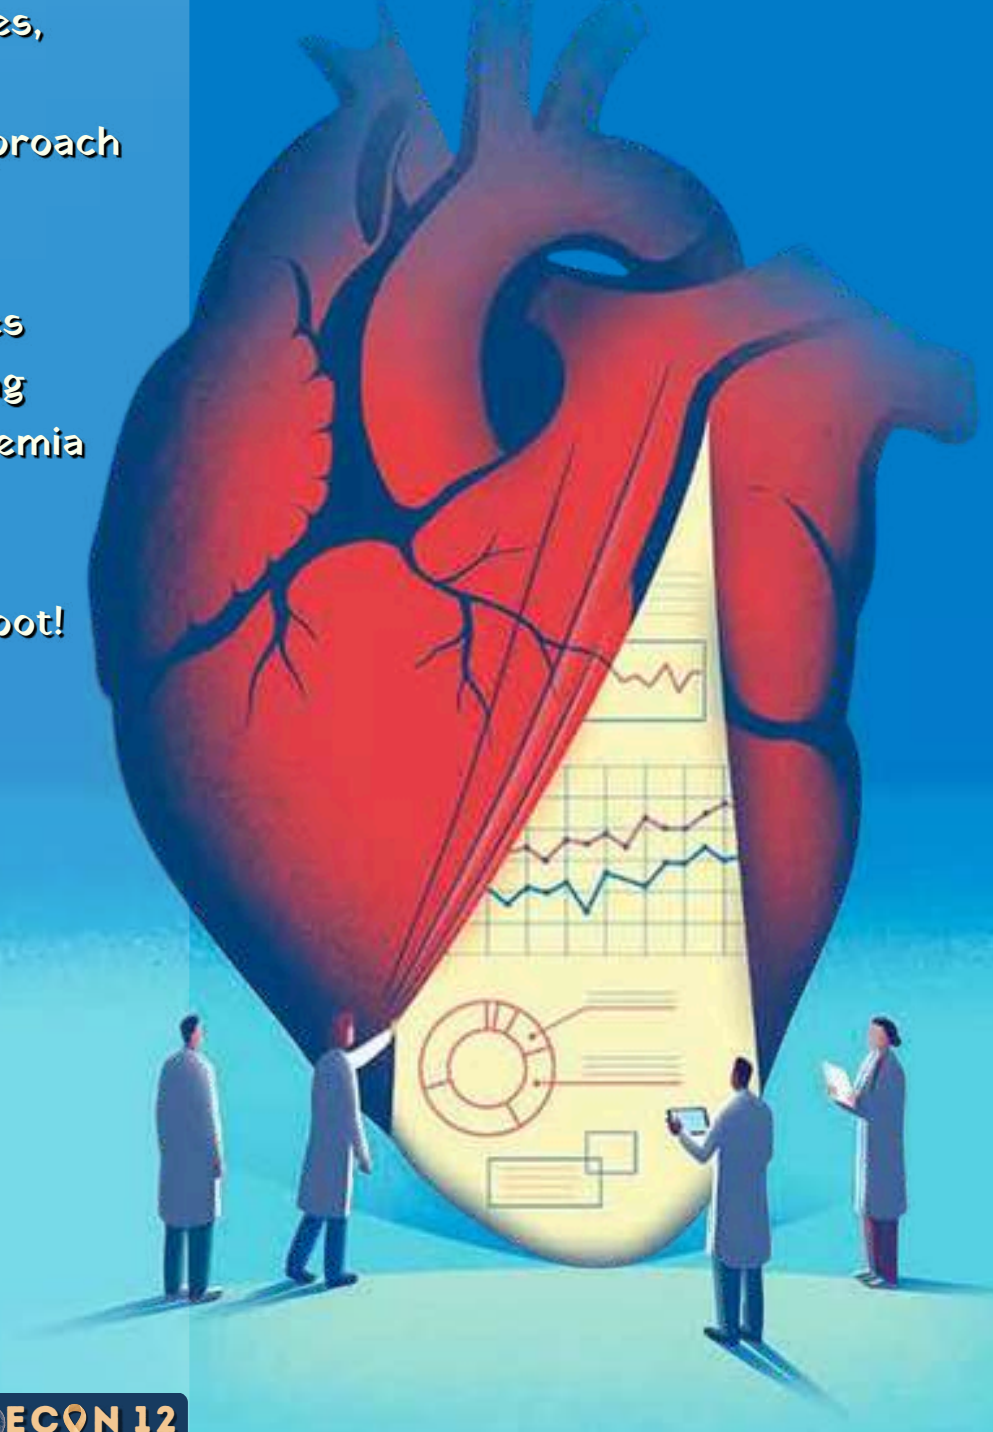

- **ECG Basics — Understanding the fundamentals and standard ECG layout**
- **Waves & Segments — Interpretation of P waves, QRS complexes, T waves and key segments**
- **Systematic ECG Reading — A step-by-step approach to interpreting an ECG**
- **Common Arrhythmias — Identification and interpretation of common rhythm abnormalities**
- **Electrolyte Disturbances on ECG — Recognising ECG changes in hypocalcaemia and hypercalcaemia**

⚡ **INTERACTIVE ECG QUIZ**

Put your skills to the test with an interactive Kahoot! ECG quiz featuring clinical ECG-based questions.

Price: Rs 800/-

Date: 27/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

DIAGNOSTIC NEXUS

Bridging Images to Cellular Insights

Every image begins with a question .Every cell holds a clue.
Between the seen and the unseen lies a journey of perception, curiosity and discovery.
A lesion takes form, a needle finds it's path and silent cells begins to speak.
What begins as uncertainty slowly takes shape as understanding--
until image and insight converge at the heart of diagnosis.
This is the DIAGNOSTIC NEXUS.

Price: Rs 1200/-

Date: 27/11/2026
Time: 8:00am - 11:00am
Venue: High Fidelity Skills cum Simulation Lab

FNAC

A Needle of Insight

In this workshop you will learn:

- Principles and indications of FNAC
- Hands- on FNAC technique and smear preparation.
- Cytology and histopathology interpretation basics.

RADIOLOGY

Beyond the Image

In this workshop you will learn:
Medical imaging modalities.
Selecting the correct imaging tool.
Cracking the case at the bedside- point of care imaging modalities.
Put your skills to test by reviewing medical scans, identifying clues and diagnosing the condition to Crack the case.

GO ECON 12

THE RENAL REALM

A Practical Journey Through Nephrology & Urology

Step into the world of NEPHROLOGY and UROLOGY:
where silent kidneys tell stories through numbers, where every drop follows a remarkable journey,and where understanding the smallest change can make a difference to an entire life.
Look beyond the diagnosis. Discover the world within.

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Department of urology and nephrology
SLOT 1

Date: 29/11/2026
Time: 9:00am - 12:00pm
Venue: Department of urology and nephrology
SLOT 2

In this workshop you will learn:

- Management of electrolyte disturbances.
- Fluid management in AKI.
- Dialysis access.
- Common renal emergencies.
- Hands-on urinary catheterisation.

Price: Rs 1200/-

COORDINATORS

THE MARROW OF THE MATTER

The fracture is just the ending. We'll show you the beginning

Some bones fade in silence, others give way at the first fall.
But what most don't see is the war before the break,
The years of quiet loss, the fight to keep a frame standing, bone by bone.
When the DEXA scan tells its story, you don't look away, you don't wait,
For this is the oldest duty of all,to protect what has yet to be broken

In this workshop you will learn:

- Principles of fracture immobilization
- Application of different types of splints
- Indications and contraindications for splinting and casting
- Hands-on practice of upper and lower limb splints
- Basics of emergency orthopaedic management

Price: Rs 800/-

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

COPECON 12
Silent within. Preventable beyond.

OUT OF THE FIRE

Assess. Act. Heal. Rehabilitate.

Where every percentage matters, every dressing counts,
and every decision shapes recovery.
From the first assessment to the road back to recovery,
step into the world of modern burn care.
Measure the burn.
Master the wound.
Prevent the infection.
Restore the life beyond it.

In this workshop you will learn:

1. Assessment of burn severity.
2. Initial burn management and wound dressing.
3. Hospital management of burn injuries.
4. Infection prevention and rehabilitation.

A masterclass
in turning the first critical moments
into a pathway towards recovery.

Date: 28/11/2026

Window to Vision

Training Hands to Sharpen Sight

Light speaks a language older than words, and the eye is its window. Through it, dawn becomes colour, a face becomes memory, and the ordinary becomes extraordinary. But when that window clouds, the world retreats into shadows. To clear it is to let light speak once again—to open a path between the world outside and the wonder within.

Price: Rs 1200/-

For the first time ever at GOMECON,step beyond the pages of a textbook and into the world of Ophthalmology.

Step into the world of ocular surgery and get hands-on with a GOAT EYE — exploring its anatomy, mastering dissection, and experiencing the eye beyond the classroom.

Not just learning the eye. Experiencing it.

In this hands-on workshop you will :

- Practise key steps involved in simulated cataract surgery
- Learn to create precise side-port incisions and perform controlled capsulotomy using a cystitome
- Gain practical experience with viscoelastic injection and anterior chamber management
- Develop skills in lens handling and essential ocular dissection techniques
- Improve hand-eye coordination and overall microsurgical precision

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

THROUGH THE KEYHOLE

Exploring the Art of Laparoscopic Surgery

A tiny port, a world unseen, Where steady hands keep fields pristine,
Through narrow paths, the tools convene, Precision guides each move between.
The camera finds what eyes can't glean, While skill transforms the space between,
Small incisions, outcomes keen — Through the keyhole, surgery's redefined.

SLOT 1

Date: 28/11/2026
Time: 3:00pm - 6:00pm
Venue: Lecture Hall

In this workshop you will learn:

- Working of a laparoscopy machine
- Picking up, loop over, transferring objects using laparoscopic instruments
- Laparoscopic suturing

Price: Rs 1200/-

COORDINATORS

Siddarth Chaurasiya (9766840392)

THE LAST SYNAPSE

Decoding the language of the Nervous System

The brain won't pause, it will not wait, It counts each second, calls it fate,
A slurring word, a spastic gait, A smile that starts to deviate,
A moment missed, a closing gate, So watch the signs before too late,
To recognize is to negate the ruin that delay would create.

GMC brings to you, for the first time in its history, a workshop on Neurology — beyond textbooks and lectures.

Learn from the finest faculty as they take you beyond the basics and into the real world of Neurology.

Examine. Localise. Diagnose. Act.

Because in Neurology, every sign tells a story.

In this workshop you will learn:

- Management of acute stroke
- Intravenous thrombolysis (intervention on dummy).
- Structured neurological examination.
- Physiotherapy and occupational therapy.

Date: 29/11/2026
Time: 9:00am - 12:00pm
